Affirmative Action Policy

Resolution 2016-08-03**

**Section 1 – Background**

1. City of Kansas City, Missouri
  - a. In the 1990s, a consortium composed of the City of Kansas City, Missouri (the “City”), the Kansas City Area Transportation Authority, and the Kansas City Missouri School District undertook a study to analyze contracting activities in their respective marketing areas to determine whether a disparity existed between Minority Business Enterprise/Women Business Enterprise (“MBE/WBE”) firms who were willing and able to provide goods and services and the utilization of those firms by the consortium members and their general contractors. The study concluded that MBE/WBE firms received significantly fewer contracts and contract dollars than would be expected given their availability in the geographic market from which the consortium members procure construction services, professional services, and other goods and services. The disparity was statistically significant and was corroborated by anecdotal evidence of discriminatory practices. The study concluded that the principal cause of the disparity was race, ethnicity, and gender discrimination.
  - b. Accordingly, on May 7, 1996, the City amended Article II, Chapter 38 of the Code of General Ordinances by adding new sections 38-84 through 38-100. On May 1, 2013 the City repealed various provisions of Chapters 2, Code of Ordinances; repealing and reenacting various provisions of Chapter 38, Code of Ordinances; enacting a new Chapter 3, Code of Ordinances, dedicated to city contracting processes and programs titled Contracts and Leases, Article IV – Contracting Program Requirements, Division 2 – Minority and Women’s Business Enterprises (M/WBE) to be known as the “Minority and Women’s Business Enterprise Program of Kansas City, Missouri” (hereafter “City MBE/WBE Ordinance”). The City MBE/WBE Ordinance has been amended from time to time, including in response to a second disparity study commissioned by the City and published in October 2006.
2. State of Missouri
  - a. The State of Missouri has established the Minority Business Development Commission under Chapter 37, sections 37.013-37.023, as amended from time to time, in order to address historical disparity issues at the state level.
  - b. In order to conform with regulations put forth by the U.S. Department of Transportation in 49 CFR Part 26, the Missouri Department of Transportation

(MoDOT) External Civil Rights Division administers the Disadvantaged Business Enterprise Program, which provides certification for Disadvantaged Businesses under the federal transportation guidelines.

## **Section 2 – Policy Statements**

The purpose of this Affirmative Action Policy (the “Policy”) is to establish and maintain such a program and to enhance the participation of qualified historically disadvantaged businesses in providing goods and services required by Port KC. It is the policy of Port KC that specific Goals shall be set for MBE/WBE participation in Port KC's procurement process in order to ensure that MBEs/WBEs have equal opportunity to participate in Port KC Contracts and subcontracts. DBEs should only be counted if no MBE or WBE Certification can be identified, and should be assigned to the appropriate MBE/WBE category, if applicable. The Utilization Goals for participation of such MBEs and WBEs are expressed as a percentage of the totals of (a) the dollar amount spent for Professional Services, (b) the dollar amount spent for Construction Services, (c) the dollar amount spent on other services, and (d) the dollar amount spent on materials and supplies. Unless Port KC establishes individualized Utilization Goals, Port KC Contracts and subcontracts will use the Default Goals, as set forth in the attached **Exhibit A**, for Professional Services, Construction Services, other services, materials and supplies, and Workforce.

1. The Goals set forth in **Exhibit A** are Goals for individual Contracts. Goals for individual Contracts may be determined on a contract by contract basis upon the availability of Qualified, Certified MBEs and WBEs to perform all or part of the Contract. If the Contractor believes that they may be unable to achieve the Default Goals, the Contractor shall timely request a Good Faith Waiver as set forth in Section 7 of this Policy.
2. The established overall Goals should not be construed as a limitation on contracting and Workforce opportunities. MBEs and WBEs shall be eligible to be awarded Contracts consistent with bidding or other contract procedures over and above the percentages listed.
3. When Goals have been established for a Contract, each Bidder or Proposer shall submit a notarized Contractor Utilization Plan to Port KC which shall include the following:

- a. Names and addresses of each Qualified, Certified MBE or WBE that will participate in the Contract;
  - b. The work to be performed by each Qualified, Certified MBE and/or WBE, and the amounts each is to be paid for such work;
  - c. Verification letters from each listed MBE and WBE evidencing that it has agreed to execute a formal agreement for the work and indicating the price agreed upon for completion of the work.
4. All employees of Port KC and bound Contractors are responsible for implementing this Policy and for making every reasonable effort to utilize MBEs and WBEs when opportunities are available. The President/CEO of Port KC will take the lead role in the process by taking active steps to encourage full participation of Qualified MBEs/WBEs. This effort will involve monitoring MBE/WBE participation levels and informing staff of MBE/WBE availability.
5. Staff to Port KC and bound Contractors shall include a Statement of Intended Utilization in all requests for proposals to all Contractors and subcontractors requiring bidders to acknowledge compliance with this Policy. Such Statement of Intended Utilization shall notify bidders in writing of the requirement that upon award they shall obtain Utilization Goals from the President/CEO for each Contract. Not less than seven (7) days prior to the date of the meeting at which the Contract is to be considered for approval by Port KC, the Contractor shall communicate, in writing, to Port KC either (a) the specific scopes of work for the Contract in sufficient detail so that specific Utilization Goals can be established or (b) that specific scopes of work for such Contract have not been established, and in which case, the Default Goals shall apply; provided however, such Default Goals may be modified by the President/CEO at such time as the specific scopes of work for such Contract are presented by the Contractor to the President/CEO pursuant to a Good Faith Waiver as set forth in Section 7.

The President/CEO or Compliance Officer will be responsible for the coordination of this Policy and will ensure full compliance by Port KC.

1. The President/CEO or Compliance Officer shall review each proposed project, Proposal or Bid to determine potential for utilization of MBEs, WBEs or DBEs. This review is to be based on known availability of Qualified, Certified MBEs, WBEs or DBEs in the area as it relates to the scope of the Bid or Proposal package and is intended to identify ways in which a project might be broken down into sub-bids.
2. The President/CEO or Compliance Officer shall have the responsibility of setting project Utilization Goals.
3. Language regarding this Policy will be inserted in the form of the Statement of Intended Utilization into Bid and Proposal specifications to ensure that prospective Bidders and

Proposers are aware of a requirement to make Best Faith Efforts to utilize MBEs, WBEs and DBEs.

4. Plans and specifications will be made available by the President/CEO or Compliance Officer, along with any special instructions.
5. No Contracts will be deemed awarded pursuant to a Bid or Proposal until the Contractor has provided specific detailed documentation on how MBEs, WBEs or DBEs will be utilized and the Contractor Utilization Plan is approved by the President/CEO.
6. The Contractor Utilization Plan for a specific project and the Contractor commitment to carry out the program will become a part of the Contract awarded by Port KC. Failure to keep these commitments will be deemed as noncompliance with the Contract and may result in a breach of the Contract.

#### **Section 7 – Compliance with Port KC Goals and Good Faith Waiver**

1. Contractors shall make good faith efforts to meet or exceed the Contractor Utilization Goals under this Policy during the period beginning with the date bids are received on the Contract and ending on the date the Contractor completed all work under the Contract.
2. A Contractor shall be presumed conclusively to be in compliance with this Policy as it relates to good faith efforts if (i) Contractor has met the Utilization Plan, or (ii) Port KC determines that the Contractor has made good faith efforts to achieve the goals set forth in the Utilization Plan and grants the Contractor's request for a Good Faith Waiver.
3. Port KC shall grant a Good Faith Waiver if the Contractor demonstrated to Port KC's reasonable satisfaction that it has made good faith efforts to achieve the Utilization Plan.   - a. Requested in writing the assistance of the President/CEO or Compliance Officer with respect to efforts to meet the Utilization Plan;
  - b. Provided notice to a reasonable number of Minority and Women's business organizations of specific opportunities to participate in the Contract in sufficient time to allow MBE, WBE and DBE firms to participate effectively;
  - c. Sent written notices, by certified mail, e-mail or facsimile, to Qualified, Certified MBEs, WBEs and DBEs soliciting their participation in the Contract in sufficient time to allow them to participate effectively;
  - d. Attempted to identify portions of the work for Qualified, Certified MBE, WBE and DBE participation in order to increase the likelihood of meeting the Goals, including breaking down Contracts into economically feasible units;

- e. Requested assistance in achieving the Goals from the President/CEO and acted on the recommendations;
- f. Conferred with Qualified, Certified MBEs, WBEs and DBEs and explained the scope and requirements of the work for which their Bids or Proposals were solicited;
- g. Attempted to negotiate in good faith with Qualified, Certified MBEs, WBEs and DBEs to perform specific subcontracts and has not rejected them as unqualified without sound reasons;
- h. For Contracts for Construction Services, within five (5) working days after drawing the Bid specifications, Bidder sent certified letters, e-mails or facsimiles to Qualified, Certified MBEs, WBEs and DBEs listed in the Directories.

A Bidder, Proposer or Contractor shall submit documentation of its Best Faith Efforts when requested by Port KC.

## **Section 8 – Participation Credit for MBEs, WBEs and DBEs**

1. The following Contract amounts shall be credited toward achieving the Goals:
  - a. The total Contract dollar amount that a prime Contractor has paid or is obligated to pay to a subcontractor that is a Qualified, Certified MBE, WBE or DBE;
  - b. Sixty percent (60%) of the total dollar amount paid or to be paid by a Contractor to obtain supplies or goods from a supplier who is not a manufacturer and who is a Qualified, Certified MBE, WBE or DBE. If the MBE, WBE or DBE is a manufacturer of such supplies then one hundred percent (100%) may be credited;
  - c. Subcontractor participation with a lower tier MBE, WBE or DBE subcontractor by the subcontractor using one of the above methods of participation.
2. Notwithstanding any other provision of this section, at the discretion of the President/CEO or Compliance Officer, credit toward achieving the Goals on an individual Contract *may* be given for:
  - a. Participation in a Contract by any Qualified, Certified MBE, WBE or DBE that does not perform a Commercially Useful Function. The prime Contractor shall have the burden of proving that a Certified MBE, WBE or DBE is performing a Commercially Useful Function;
  - b. Any portion of the value of the Contract that an MBE, WBE or DBE subcontractor subcontracts back to the prime Contractor or any other Contractor who is not a Qualified, Certified MBE, WBE or DBE;
  - c. A Certified MBE, WBE or DBE prime Contractor's own participation in its Contract with Port KC.

3. In order to be credited towards the MBE, WBE or DBE goals on a particular solicitation, an application for certification as a MBE, WBE or DBE must be filed no later than forty-five (45) days prior to the Invitation for Bid or Request for Proposals. An MBE, WBE or DBE must have received its certification by the date on which the Bid or Proposal is due.
